

POACT

Police Officers Association of Connecticut

September 25, 2026

Dear Representative Chris Poulos,

The Police Officers Association of Connecticut (POACT) represents municipal police unions in cities and towns across the state. Founded in 2016, POACT brings officers together under a single, strong voice for public policy and legislation.

On behalf of the roughly 5,000 sworn police officers in our unions, we are pleased to endorse your reelection to the General Assembly.

We chose to endorse you because of your current clear and future support for issues that matter to police officers and their families, your focus on public safety, and your dedication to fair working conditions for the officers who protect our communities every day.

Sincerely,

Florencio Cotto, Jr.
President, Police Officers Association of Connecticut
