Dear McHenry County Residents,

I am proud to endorse Diana Hartmann for re-election as McHenry County Regional Superintendent of Schools.

As Sheriff, I have had the opportunity to work directly with Diana and her office on an issue that matters deeply to public safety, rehabilitation, and the future of our community: bringing GED programming into the McHenry County Jail.

Providing educational opportunities to individuals who are incarcerated is about more than earning a diploma. It is about giving people a better chance when they leave our facility, helping reduce the likelihood that they return, and strengthening families and communities in the process. Diana understood that from the beginning.

Her willingness to partner with our office reflects the kind of leader she is — practical, collaborative, service-minded, and focused on real outcomes. She understands that education does not stop at the classroom door. It reaches into every part of our community, including places where second chances can make the greatest difference.

When Diana stepped into the role of Regional Superintendent, the office needed steady leadership, renewed focus, and a stronger connection to the people it serves. Diana accepted that challenge and has worked to move the office forward with professionalism, accountability, and a clear commitment to service.

I appreciate leaders who are willing to do the work, build relationships, and solve problems without needing the spotlight. Diana Hartmann has shown herself to be that kind of leader.

For those reasons, I am proud to support Diana Hartmann for McHenry County Regional Superintendent of Schools, and I encourage voters to join me in supporting her re-election.

Respectfully,

A handwritten signature in black ink that reads "Robb Tadelman".

Robb Tadelman  
McHenry County Sheriff
