

MEMO FOR Missouri Air National Guard / 131st Bomb Wing Command Chief

FROM: Benjamin Durham

SUBJECT: Letter of recommendation for TSgt Benjamin Hunt

Chief,

Benjamin Hunt has my highest recommendation for the position of First Sergeant within your organization. As a retired Master Sergeant from the United States Army, and over 21 years of service in the 75th Ranger Regiment, I feel I have a vested interest in the future of our men and women still serving in our military. It is with the utmost care and sincerity that I recommend prospective leaders, as they will continue to shape the greatest military the world has ever seen. Benjamin Hunt's character and integrity and his ability to put others before himself certainly exceeds my standards for the level of performance and behavior that I expect from the leaders in my organization.

As Ben's immediate supervisor at the University of Health and Performance, I have spent a great deal of time with him, and can honestly say that he is positive, earnest, and professional at all times. He is an upright human being of high character, as evidenced by his total devotion to duty and his efforts to further our staff and our students. Not satisfied with merely doing his job, on his own initiative, he consistently continues to make everything within his grasp better which includes processes and procedures, his work environment as well as others around him. He continuously seeks self-improvement and accepts greater responsibility with humility. Ben needs little or no supervision to get the job done. He is the epitome of a quality military NCO and possesses enormous potential to be a great leader as a First Sergeant.

Ben is a disciplined professional. He is a team player and gets along extremely well with his teammates. His cheerfulness and consideration for others have made him an indispensable part of our team at UHP. His fellow teammates, dignified guests, and students are drawn to him by his personality and sincere concern for others. I hope you will give Ben the opportunity to excel as a First Sergeant. He will not let you down and whatever you expect from him, you can count on him giving you much more than that! It's how he is wired.

Sincerely,

Benjamin Durham

Vice President of Operations

University of Health and Performance
