You are a hypocrite Congressman Brad Sherman... by continuing to shamelessly accept money from AIPAC and by continuing to support Hakeem Jeffries, you are actively encouraging growing antisemitism & Islamophobia worldwide... Your insincere virtue-signaling isn't fooling anyone, and as your constituent, I will NEVER vote for you again.- Ken Kamlet, Facebook, August 16, 2026

Why do you refuse to speak out against Trump's illegal war against Iran? Why are you letting him usurp the rights of congress to approve wars? When are you going to be our congressman? - Justin W. Newton, Facebook, September 16, 2026

Brad — you rarely hear from him, he's been in Congress too long and he isn't energetic, progressive or dynamic enough for the SF Valley area he represents. Mediocrity, imo. But he's wide awake when it comes to Israel. — I'm a former constituent. - Stacy Bosco, Facebook, September 18, 2026

I'm glad it (Clarity Act) failed in its current form but instead of opposing progress you should have ensured appropriate controls were put into place. Strong anti corruption language and better controls against criminal activity ensure that we are both a part of the future here in America and also that we are protecting our financial system and our country. Progressives should be for progress. - Justin W Newton, Facebook, September 5, 2026

Sherman, the constant campaigner. Problem is he sold out to aipac the Israeli lobby. He's Israel's man in our Congress. Want to know why our government's so messed up, look at how much influence the Israeli lobby has over our policy. That's got to change. Robert Skinner, Facebook, August 24, 2026

Sherman and AIPAC aligned Congressman like him are responsible for the trillions of dollars that Mideast wars have cost us. Sherman continually votes for billions of dollars of weapons for Israel unconditionally. Sherman continually defends Israeli crimes against humanity. Sherman has a history of supporting sending American citizens to prison for boycotting Israel. There's not enough

lipstick to cover up the pig ,the crime against humanity supporting legislation Sherman has supported. - Robert Skinner, Facebook, August 12, 2026
